### Woodthorpe IT Solutions – Testimonial

The search to find an effective and suitable training provider which ticks all the boxes with regards to my Companies demands and requirements, is always a challenge, never more so than for technical/IT training; a challenge which was over come immediately on meeting Ben Woodthorpe.

Highly professional and a pleasure to work with from the off-set, Woodthorpe IT Solutions have always delivered to the highest of standards, in an effective, efficient and business friendly manner.

I have always found Woodthorpe IT Solutions to be reliable, proficient, with the highest levels of integrity and expertise that provide our Company with a level of comfort and confidence that all employees attending will be benefiting from high standards and quality of training.

Never before have I received such consistently positive and up-beat feedback questionnaires, than from the Excel training delivered by Ben; positive comments not only about the content and the format, but the friendly, supportive and tolerant manner in which it was delivered.

It is without hesitation that I would recommend the services of Ben and Woodthorpe IT Solutions.

Layla Young  
HR Manager
