Dear Ben

Excel Training

I am writing to thank you for the excellent delivery of the Excel training.
From the time I emailed you with an enquiry the service has been 'second to none'.

I particularly liked the way you tailored the training for our individual needs even splitting the time over 2 days.

Leaving us each with a CD of the training for reference has been very helpful and we were able to put the knowledge to use immediately.

Thank you again for your helpful and friendly service.

Kind regards

Julia Shipley
Business Development Assistant
